

COVID-19 ANTIGEN RAPID TEST KITS (ART) AUTHORISED FOR USE IN BRUNEI DARUSSALAM

The listed Covid-19 antigen rapid test kits that are recommended and authorised for use are based on the evaluation done by Ministry of Health, Brunei Darussalam. The results of the evaluations are determined according to the clinical and analytical performance of the test kits (sensitivity and specificity claimed by the manufacturers), safety standards, quality and efficacy of the test kits.

Ministry of Health, through the Department of Laboratory Services will continue to update the list of authorized Covid-19 rapid test kits in order to ensure the supplied antigen rapid tests kits are meeting the required standards.

This list is updated as at 26 August 2021.
