Message from

The Honourable Minister of Health

Getting to know you better...

Started from 8th February 2012 until 22nd February 2012, Bru-HIMS Change Management team conducted roadshow and change readiness survey at hospitals and health centers nationwide across all four districts of Brunei Darussalam. With the objectives to understand our users better, the Bru-HIMS team collected survey data for analysis on users awareness, readiness and also a guideline on level of IT literacy.

During the roadshow, the Ministry of Health IT team was also present, working together in increasing the adoption rate of Government emails. This has provided further opportunities for the relevant Ministry of Health users to clarify any doubts and also resolve any technical issues they may have with their Government email account.

With great support from the respective Directors and Change Agents from all hospitals and health centers, the Bru-HIMS roadshow was carried out smoothly and the team managed to collect a total of 1,709 surveys.

Extract from The Honourable Pehin Orang Kaya Johan Pahlawan Dato Seri Setia Awang Haji Adanan bin Begawan Pehin Siraja Khatib Dato Seri Setia Awang Haji Mohd Yusof, Minister of Health preamble during The Brunei Darussalam State Legislative Council (LegCo) March 2012.

“Perlaksanaan program ICT e-Kesihatan yang diberi nama Bru-HIMS, iaitu singkatan kepada *Brunei Darussalam Healthcare Information Management System* sedang rancak dilaksanakan. Inisiatif ini mendokong usaha Kementerian Kesihatan untuk mengukuhkan pengurusan dan pemberian perkhidmatan penjagaan kesihatan di Negara ini.

Sistem Bru-HIMS Insya Allah, akan mula digunakan di kesemua hospital, pusat kesihatan dan klinik kesihatan Kerajaan, secara berperingkat-peringkat mulai hujung tahun 2012 ini.”

Total Survey Obtained		1,709

Bru-HIMS Roadshow and Change Readiness Survey

Do you know your training?

Key Users Training

A selected group of users across Hospitals, Health Centers and Ministry of Health will be attending the key users training. With the train-the-trainer approach, these groups of selected key users (from their Department Head and Functional Leads) will work closely with Key Department/Functional Leads from each discipline and will be trained to develop expertise in ISOFT system. They will be the Training Subject matter Experts (also known as the Ministry of Health (MOH) Trainer) who will train the relevant end-users in the new future.

End User Training

All existing users of Bru-HIMS will eventually attend end user training. This training will be conducted by Bru-HIMS Application Specialists and assisted by the Ministry of Health Key Users.

What if I need more guidance after training?

Continued education and refresher activities are available upon completion of all training sessions. Continued education offers small training facilities in every departments for self-studies, discussion group and also refresher activities.

Who can you ask about Bru-HIMS?

Your Head of Department is your Change Agent. For any inquiries pertaining to Bru-HIMS, Kindly do feedback to your Change gent.
