NEWSLETTER EDITION 5

THE MESSAGE FROM THE HONOURABLE MINISTER OF HEALTH

“Perubahan yang besar dan ketara sekali dengan pengenalan Bru-HIMS ini ialah menggantikan Fail Rekod Perubatan Pesakit cara konvensional kepada Rekod Elektronik Pesakit dimana setiap individu di Negara ini akan mempunyai satu Rekod Elektronik Pesakit yang mengandungi maklumat dan sejarah perubatan yang komprehensif menjadikannya Satu Pesakit, Satu Rekod atau “*One Patient, One Record*”. Inilah tujuan utama Bru-HIMS ini diperkenalkan.

Satu Pesakit, Satu Rekod ini akan merupakan rekod penjagaan kesihatan bersepadu yang memfokus kepada setiap individu. Ianya berupaya mengumpulkan semua maklumat klinikal yang relevan dari setiap perjumpaan dan hasil pemeriksaan pada seluruh sistem penjagaan kesihatan sepanjang hayat mereka ke dalam satu rekod.

Extracted from The Honourable Pehin Orang Kaya Johan Pahlawan Dato Seri Setia Awang Haji Adanan bin Begawan Pehin Siraja Khatib Dato Seri Setia Awang Haji Mohd Yusof, Minister of Health’s message in the Bru-HIMS video.

Bru-HIMS Roadshow II

The Ministry of Health IT Team together with Bru-HIMS Project Change Team conducted the Roadshow II and Change Readiness Survey Roadshow starting from 21st May 2012 until 12th June 2012. With the support of the respective Directors and Change Agents from all hospitals and health centers the Bru-HIMS Change Readiness Survey was successfully carried out and the team managed to collect a total of 1,735 surveys.

The objectives of this roadshow were as follows:

- ◆ To increase the awareness about Bru-HIMS especially those who have missed out during previous roadshow;
- ◆ To carry out user registration activity for registration purposes so that end-users will be better prepared in accessing Bru-HIMS when the system goes LIVE;
- ◆ To promote and encourage the use of Government email activity so that end-users will be more aware of government email facilities and stay as active users of Bru-HIMS;
- ◆ To better informed end-users about the follow-up events on the progress of the project via newsletter which can be downloaded or

Unlike the previous road show, it was conducted to enable us to understand our end-users better and to know the current users awareness, readiness on Bru-HIMS and also to formulate a guideline on users’ level of IT literacy.

What's Next?

Upcoming Change Activities

The main agenda discussed was on the roll out plan and milestones for Bru-HIMS roll out in Tutong district. The various milestones are as such that there will be a more systematic transition for the end-users and also a practical mixture of manual and electronic processes during the transition. In summary, there are 3 planned milestone activities and the breakdown are as follows:-

Milestone 1 (Targeted date : 26th July 2012)

- ◆ To roll out the related Bru-HIMS modules that would mainly handle the Outpatient and A&E services which includes Master Patient Registration, Visit Registration, Clinical access with Electronic Patient Record & Clinical notes, Laboratory & Radiology electronic ordering and processing, Pharmacy handling e-Prescription & drugs dispensing, Electronic management of Medical Store & Pharmacy store and also Queue Management System to manage patient queue at the Central Registration area and check-in counters at the various clinics.
- ◆ The Billing module is partially used for capturing patient billing. Issuance of registration coupons and receipts are still managed manually.

Milestone 2 (Targeted date : 12th August 2012)

- ◆ For this milestone, the targeted area is the Inpatient services. In addition to all modules above:
 - Patient can be admitted to the Hospital using Bru-HIMS;
 - Comprehensive features for managing of Inpatient transfers, booking and waiting list, discharges and patient billing with full record of the movement of the patient in the hospital.

Milestone 3 (Targeted date : 30th August 2012)

- ◆ To roll out Bru-HIMS at all health centers in Tutong districts. Bru-HIMS will be mainly used to handle Patient Registrations, Visit Registrations, Clinical access with Electronic Patient Record & Clinical notes, Pharmacy handling e-Prescription & drugs dispensing. The roll out is:
 - Tutong Health Centre – 27th August 2012
 - Telisai Health Centre – 28th August 2012
 - Lamunin Health Centre – 29th August 2012
 - Kelugos Health Centre – 30th August 2012

This will mark an important milestone in Bru-HIMS implementation. The transition and stabilization period will involve regular discussions and feedback sessions with Bru-HIMS Tutong Core Team, Bru-HIMS Functional Leads and Bru-HIMS support team to ensure adoption of Bru-HIMS.
