**MINISTRY OF HEALTH
BRUNEI DARUSSALAM**

Specialty Area: Ophthalmology

Post : Senior Medical Officer Grade II
Pay Scale : (MD17) BND\$6,060.00 / Month
Ministry : Ministry of Health

Job Description:

A Senior Medical Officer in the Ophthalmology Services would be responsible, but not limited, to:

- Conducting daily ward rounds on inpatients under the consultant's care, supervising the junior doctors whilst the patient is in their care.
- Appropriate clinical responsibility for the care of patients delegated by the consultant to his/her charge.
- Responsibility for the proper functioning of the Ophthalmology department, including the supervision of more junior medical staff.
- Running of wards with consultant cover on site during the day, consultant off site after hours.
- Assessment, care and treatment of patients presenting acutely to the speciality and referred to the speciality.
- Participate in Senior Medical Officer on call rota
- Attending clinics and assessing patients and formulating treatment decisions seeking advice from the consultant as appropriate.
- Attending sessions with the consultant and assisting or performing operation/procedures as appropriate.
- Teaching and training staff in other medical disciplines, nursing and support staff as appropriate.
- Communication with other team members as appropriate.
- Contribute to the Ministry of Health and organisational needs of the hospital as appropriate.

Senior Medical officers will be required to work in any of the government or its affiliate's hospital/ Health centres and where necessary will be required to cover work in related specialties or in hospital other than the primarily assigned workplace. Doctors will also be required to do medical cover duties for major national events and be prepared to be involved in any national disaster.

Job Requirements:

- Possess a Primary Medical Degree; MBBS or its equivalent and registrable with the Brunei Medical Board
- Must have completed Basic Specialty Training Rotation or its equivalent in the relevant specialties
- Have relevant Post-Graduate qualification in the speciality applied, e.g. Membership of the Royal Colleges or a Master's degree in Ophthalmology or its equivalent.
- Have work experience of more than 5 years in the relevant specialties is preferred.

What is expected:

- Support the core values of the Ministry
- Have good communication skills and must be a team player
- Be kind, caring and show empathy to patients and relatives
- Be prepared to be assigned for work at any time and places required by the service.
- Be familiar with Information Technology and comfortable working using electronic clinical records
- Keen to learn and have own initiatives for self-development (continuing medical education) and are required to show progression in own training within the 3-year contract.
- Be involved in academic, research and audit activities.
- Be proactive; have initiatives to develop and enhance the services
- Be flexible and willing to work hard
