MASS GATHERING

OPERATIONAL READINESS LEVEL 3

(From 17 August 2020)

Definition of “Mass Gathering”

A mass gathering refers to any planned or spontaneous event which is attended by a sufficient number of people to strain the planning and response resources of a community, state or nation (*WHO, 2008*).

Specific Requirements:

1. Mass gathering is limited to **not more than 350*** people for each event which includes all guests, host’s family members, committee members, catering staff and anyone who is present at the event. Staggered arrivals i.e. attendees arriving and leaving at different times or taking turns to attend an event is not permitted.

* Updated 7 September 2020. Prior to this, mass gathering was limited to 200 people only.

2. Permitted events:

2.1. Private functions, religious events, wedding events, family events and charity events held at private residences (either indoor or using outdoor tents) or purpose-built premises such as banquet halls, restaurants and other event venues.

2.2. Events at the workplace, including meetings, courses, training, conferences, job interviews including written test, as well as social events.

2.3. Organizers of recreational events must comply with the guidelines issued by the Ministry of Culture, Youth and Sports.

2.4. Events permitted in para 2.1 dan 2.2. must comply with the maximum permitted limit of attendees as stated in para 1. However, staggered arrivals i.e. attendees arriving and leaving at different times or taking turns to attend an event is not permitted.

3. Keep events short. As much as possible, limit events to a **duration of not more than 2 hours at any one time.**

4. For events organized at private residences, hosts are required to list all attendees to assist with contact tracing if required, such as by providing a register book or guest book.

5. For events organized at purpose-built premises, the management of the premise are required to obtain BruHealth QR code specific for their premise and print out the QR code and place it at the entrance so that it can be scanned by attendees before entering and upon leaving the premise.

General Requirements:

1. Event organizers are required to ensure the following:
 - 1.1 Encourage attendees practise social distancing e.g. by placing seats at least 1 meter apart during the event.
 - 1.2 Ensure healthy environment by providing clean and adequate restroom facilities, handwashing facilities with soap and water, disposable towels or tissu, and covered rubbish bins. If possible, provide hand sanitizers.
